RE: Server Refresh & VDI - MS Quote

To Frank Lopez  
Bcc venica@babies-by-levin.com

Just saw the quote and I'm not sure what it all means and the number of people it will serve. It's a whole lot higher than I could imagine. I think the one item "Services" seems to take it beyond. Can you tell me what that item is so I can decide how to proceed? How long would it take to make this happen?
