**FW: BBL - ACT! Question**

To Frank Lopez

Sorry but I touched the wrong thing on my phone and sent that. I played with salesforce before and it seemed very weak. Beings we have never had any issues with Act I never say any need to replace it but we could discuss it once I get back to Louisville. I don't even have a clue how one would migrate the data from one software to another so it's hard to even think about.

Thanks for the help.
