Good Morning Annette,  
 I am forwarding this e-mail to you regarding our check scanner. Frank Lopez, our IT guy figured out what our problem was on Friday afternoon and sent this to me. Please advise us about getting the hardware needed, thanks and have a great (wet) Monday.

Venica,

When you are able to get a hold of the bank please let me know or send me a number I can call to discuss the scanner. I'd prefer to take the fully supported route first unless they cannot supply us with the required hardware. The required hardware is called ConneXpress which attaches directly to your TS240 check scanner.

Thanks,
