Hi Frank, this is Venica at Dr. Levin's office.

Hope you are having a good day, just wanted to inquire about the part needed for our double monitors and my check scanner. As usual I am out of the loop on these things. If I need to do something with regard to either of these things please let me know. Working on one monitor is very cumbersome and inefficient so the sooner the better on that part. The check scanner is needed but not an urgent thing as I can take the checks to the bank if need be until that can be worked out. Thanks for your help and see you soon.
